**APPLICANT'S COMMENTS ON EXAMINER'S
STATEMENT OF REASONS FOR ALLOWANCE**

Responsive to the reasons for allowance set forth in the Office Action mailed May 17, 2004, applicant has the following comments:

The Examiner has provided some, but not necessarily all reasons for allowance. Moreover, the elements recited in the Examiner's reasons for allowance are not necessarily required in each claim specified. For example, with respect to claim 24, the examiner states that the prior art does not disclose a phase detector core coupled to the first and second log amps. Claim 24, however, does not recite a phase detector core.
